

"Dear community members

The initiative of the Reverend Claire Lording led to the first meeting of the two communities of Pershore Abbey and St Katharine"s in Salzwedel in 2017. Further exchanges followed and new friendships developed. Unfortunately this year"s visit by members of the abbey community to Salzwedel had to be postponed because the situation regarding the Corona pandemic prevented it.

We received the following message from the Pershore congregation on 11th August 2020....

We can all only hope that the tense global situation and the position in Europe steadily stabilises and the Covid infection rate increasingly declines, so that an unhindered visit will be possible next year.

Please be understanding if our community activities are still at the moment reduced. We have tried hard to implement the legal requirements and are very pleased that our church is open again, and hopefully it will remain so!

Greetings"
